MEMORANDUM FOR: Mr. Robert E. Matteson  
U. S. Disarmament Administration

SUBJECT: Bibliography on Bloc Arms Traffic  
for USDA

1. This memorandum is for the information of the Disarmament Administration and is in fulfillment of a commitment made by myself to Mr. Sonnenfeldt on 24 April to forward a list of materials on Sino-Soviet Bloc arms traffic with non-Bloc states and dissident groups. Mr. Sonnenfeldt suggested that these listings be forwarded to you for USDA because he does not yet have clearance for the more highly-classified part of the listing and because the channels for expeditious dispatch of such materials are still unclear.

2. Also in the discussions with Mr. Sonnenfeldt it was suggested that, while organization and channels for USDA are being established, you could assist in the initiation of spot requests on ORR for specific information required by USAM with respect to Bloc arms traffic. Please direct such requests to my office, initially by telephone, with a follow-up memorandum. We will, of course, appreciate as specific terms of reference as possible in such requests, since they will probably be the principal means for providing USDA with "tailored" intelligence support in the field of Bloc military aid to non-Bloc countries.
